

Sun & Rain Covers

ENHANCE PROTECTION

The Ibis Tek Sun and Rain Covers protect turret gunner during inclement weather and obscures their view by the enemy in hostile conditions.

Designed for all tactical vehicles (OGPK & MCTAGS)

Multiple configurations for varying weather conditions

Easily retracts for storage and will not impede vehicle movement

Installation can be completed in less than one hour requiring no special tools

OGPK & MCTAGS COVER ENHANCED PROTECTION

SPECIFICATIONS

Polyester/Teflon hybrid material top

Mesh window sides

Lightweight aluminum frame

Retractable system for storage

MCTAGS: Delivered with side panels installed

Mesh windows obscure turret gunner's view by enemy in hostile environments

MCTAGS cover can be added to any tactical vehicle with MCTAGS

Installation requires no special tools and mounts directly to existing bolt pattern. Typical installation time is only one hour.

OGPK Retractable Sun & Rain Cover can be added to any tactical vehicle with OGPK.
